Umpire Lead – Netball Northern Zone

Part-time - 32 Hours per week

The Netball Northern Zone is one of five Regional Sporting Organisations for netball in New Zealand. Our Zone reaches from Waiuku to the Far North and we work with over 33% of New Zealand's netball population.

We are seeking an Umpire Lead, responsible for leading the development of umpires in the Northern Zone. This includes the development and support of umpires at the community and performance level.

This role will meet the delivery of the Netball New Zealand Whole of Netball Plan and the Northern Zone Community Netball Plan to:

- Grow and sustain participation numbers for umpires
- Increase the quality of umpiring at all levels
- Improve capacity and capability for grassroots umpiring.

While this role leads umpire development across the Northern Zone, the role also has a developmental focus in building community umpiring in the greater Auckland area. The Umpire Lead will need to develop strong and effective relationships with netball centres to achieve this. The role will also work closely with the New Zealand / Zone Umpire Development Groups and Zone Staff to support the development of quality netball experiences.

The development of umpires is a critical aspect of netball development. We require someone who has a sound understanding of the netball umpiring framework in New Zealand and a good knowledge of the technical aspects of umpiring. You will also need to have good relationship development skills, an ability and confidence to manage administrative systems and processes. You will be confident and calm with a can-do attitude.

The role is part-time at 32 hours per week but with a high degree of flexibility on when these hours are completed. There is a significant amount of evening and weekend work required.

If you would like further information regarding the role including the position description, or would like to place an application, please email:

Carin Oelofse on carin.oelofse@netballnorthern.co.nz or 09 9130836

The final date for submitting an application is **Wednesday 7 February 2018**.
